

ENROLMENT AND ATTENDANCE

- ***Enrolment Procedures***

Parents and Carers are required to complete and sign an enrolment form for each child before they start attending classes. Liaison or administration staff are available to assist. Enrolments are taken throughout the year.

- ***School Nutrition Program***

Parents and Carers of Pre-School to Secondary children are asked to 'chuck in' for the School Nutrition Program to cover the costs of students daily breakfast and lunch. This is the equivalent of \$5 dollars a day or \$25 dollars a week per student. Parents and Carers can elect for this payment to come out of their Centrelink Family Payment or as part of their income management.

- ***Absences***

Parent and carers are encouraged to let the school know if their child is going to be away from school. This is particularly important if families are going away for sorry business or for a community visit but will return later in the year.

- ***Late Arrivals/ Early departures***

Parent and carers dropping off their children to school late or picking them up early, are required to come into the Front Administration building to let staff know. Students will be given a Late Pass to give to their Teachers.

- ***School uniform***

Yipirinya School uniform is available for purchase at the Administration building. There is a separate uniform for secondary students. Uniform is not compulsory at the school; however students do dress in uniform for special events.

- ***Visitors***

The School welcomes a wide variety of visitors daily. For security reasons all visitors are required to sign in and out at the Front Administration building.
